German

Excellent

English

Excellent

Recent computer science graduate that is currently working as a Software Engineer at Intershop Communications AG.

Over three years of experience working with Angular and loving it. Passionate about writing code and always looking to learn. Successfully researched and integrated multiple libraries and frameworks into enterprise software. B.Sc. in Computer Science but far from done educating myself. Love working within a team, collaborating and learning from each other.

Work History

2020-10 -
Current

Software Engineer

Intershop Communications AG, Jena, TH

Currently member of the Intershop PWA team

- Developing, maintaining and testing a large Angular code base
